

DISCOVER GREENBACK, TN

Be Engaged. Be Informed. Be Heard.

Your Voice in the Village

Join us for a day of investigating what Greenback has to offer.

A 25-minute ride through some lovely rural areas brings us to a town with an old-fashioned museum, friendly diner, retail stores, and Eco-Rich Farms, that has a high-tech Aquaponics food farming process that combines aquaculture and hydroponics in an integrated, soilless system.

We will tour the museum, then have time to explore the stores. Lunch will follow (your cost) at the diner, then off to the tour of Eco-Rich farms. This visit is NOT offered to the general public, so we are VERY special.
