

“Introduction to Facebook” Workshop

**Instructor Jennifer Dancu from Social Media 4 Seniors
co-sponsored by**

HOA & The Public Library at Tellico Village

March 30th (Tuesday), 2021 3PM – 5PM Cost: \$21/person

To be Held At the top Floor Yacht Club

Do you want to stay connected to your children and grandchildren? Do you want to see what they are doing every day? Facebook is a wonderful way to keep abreast of the daily lives of those you love. See the pictures they post, share your pictures with them...send them private messages to let them know you are thinking about them. You will learn how to do all of this, as well as make sure your Facebook account is set up privately and securely and that you are seeing what you want to see on Facebook. During the 2-hour Facebook workshop, you will learn the following:

1. Background and beginnings of Facebook explained
2. Steps to set up Facebook account & create a profile
3. Discuss & set security and privacy options
4. Meaning of “like” and “follow”
5. Connect with Facebook friends
6. Create a post on Facebook
7. Reply to others on Facebook
8. Upload a picture to Facebook
9. What is Facebook Messenger?
10. Follow businesses of interest
11. How to create groups

Cost is only \$21.00 to HOA members to attend and you must make a reservation via TellicoLife.

This workshop will be limited to only 6 attendees. This will allow each attendee significant time to learn and ask questions about the material being covered - this is an outstanding opportunity to really learn about Facebook!

Last day for sign-up/registration will be March 25th. Last day to cancel is also March 25th. Note: If we have more than 6 people sign-up, we will look to schedule another class in the future. But, as we expect this first class to book quickly, don't wait and sign up today!

What you will need for this class. You must have a device (laptop, tablet, iPad, or smartphone) with you to navigate this workshop. You must also know how to use this device confidently as this is not a workshop on how to use your device.

Covid-19 Safety Precautions: Attendees will be seated at tables socially distanced at least 6 feet apart. Masks are strongly recommended to be worn.

About the instructor: Jennifer Dancu grew up north of Pittsburgh, Pennsylvania in a small town called Mercer. Jennifer received a BA in Elementary Education from Westminster College and an M.Ed in Educational Administration, Leadership & Supervision from Georgia State University. She has been a teacher and principal for 20+ years, instructing in public and private schools, as well as at the college level. During these years, she implemented curriculum and guided teachers and students in learning the many different facets of today's technology. Through personal and professional experience, Jennifer noted a strong need among seniors who want to learn how to use smartphones, iPads/Tablets, and various social media, such as Facebook, Instagram, Twitter and Pinterest. Seniors understand that their ability to connect with family and friends could vastly improve through the use of today's technology, but they just don't know where to get the help they need. That's how the vision of Social Media 4 Seniors came to be.
