

Art Guild Monthly Meeting

October 21, 2021

Yacht Club 4th floor

9:45 am coffee; 10:00 am meeting start

Chico Osten: The Evolution of an Artist

After sharing examples of his 2D art, Chico Osten will explain his jewelry-making process used to create one-of-a-kind bronze, sterling and fine silver jewelry from precious metal clay. Semi-precious gems are also used in some pieces. His creations are inspired by nature with an emphasis on texture and natural shapes.

He will be bringing examples for us to see. For more information on the program and the artist, please visit: tellicoartguild.com

Please wear a mask or other face covering during this Yacht Club meeting.
