**Claire Payne  
"Agnes and her Escapades"**

For our Thursday, December 17th meeting, we are very proud to feature our member, Claire Payne. During the 2020 COVID pandemic, Claire has used her artistic talent to develop a collection of drawings, centered on a totally fictitious cartoon character named Agnes. Agnes sees the foibles of being a senior with humor and good spirit. Her escapades are based on observation, conversations, hear-say, some exaggeration and personal experience. Collected into a book entitled "[Agnes and Her Escapades](#)", the drawings deliver an often humorous outlook on a challenging time. For more information see [our website](#).
