Circle Jackson Bend Island

Tuesday, August 10, 2021

Tugaloo Beach

Length: 10 Miles

Type: Out/Back

Rated: Hard

Be in the parking lot before 9:00 am. We will paddle to Lotterdale Cove Recreation Area. It is a moderate 5-mile paddle and will take around 2 hours to get there and back. You can stay at the cove and swim or take a snack break in the shade. We will be paddling in the shade 90% of the time after we cross Tellico Lake on the way there. There will be limited shade on the way back to Tugaloo Beach.

Those who would like to continue on can circle Jackson Bend Island with me. This will add 2 miles making it a hard paddle. After circling Jackson Bend Island, we will pick up the rest of the crew in the cove and/or take a dip for ourselves before paddling back to Tugaloo Beach.
